

TietoEVRY Remuneration Policy regarding the Board of Directors and the President and CEO

Introduction

This Remuneration Policy (“the Policy”) describes remuneration principles and framework for the President and CEO and for the members of the Board of Directors of TietoEVRY. The Policy will also be applied to a deputy CEO should such deputy be appointed.

In accordance with the implementation of the amended European Shareholder Rights Directive (SHRD II) in Finland, TietoEVRY shall present the Remuneration Policy to the Annual General Meeting (AGM) 2024 for the shareholders to make resolution whether it supports the presented Policy. This Policy is intended to remain in place for four years until AGM 2028.

The Remuneration Committee of the Board of Directors of TietoEVRY has prepared the Remuneration Policy. The Policy has been developed in accordance with TietoEVRY’s remuneration principles, Finnish Corporate Governance Code 2020, and the requirements set forth by the amended EU Shareholders’ Rights Directive, which has been implemented in Finland mainly into the Limited Liability Companies Act, Securities Markets Act and Decree of the Ministry of Finance.

TietoEVRY’s remuneration principles and stakeholder considerations

The aim of TietoEVRY’s remuneration principles is to attract and retain the best talent, motivate key people and align the goals of the company’s shareholders and executives to enhance the value of the company. We reward our employees for high performance in achieving both individual and company objectives thus linking remuneration to successful execution of our strategy and to long-term shareholder value creation.

We recognize that the long-term success of the company requires a business model that incorporates sustainability and ethical practises as intrinsic elements of our daily business operations. Therefore, our short-term incentive (STI) plan includes both financial and non-financial measures, where the non-financial measures are typically linked to our strategic initiatives, the success of projects, as well as customer and employee experience. Long-term incentive (LTI) plans in the form of company shares and through applicable performance criteria drives and rewards long-term shareholder value creation.

Total rewards principles outlined in this policy, along with broader workforce approach described in HR policies that are periodically updated, are designed to ensure that our rewards system aligns with successful execution of the company’s strategy along with the performance of both the company and individuals. The Board of Directors considers broader employee pay, working conditions and engagement across TietoEVRY in

its decision-making process and examines any feedback related to rewards-gathered from employee surveys or other sources.

The remuneration principles and practices applied to the Board are described in the Board Remuneration Policy section.

All Tietoevry's shareholders are encouraged to attend the AGM to express their views on our Remuneration Policy and its implementation. We carefully evaluate all the shareholder feedback received in relation to the AGM, and any other feedback received during investor meetings or from any correspondence as part of our annual review of the Policy.

Remuneration governance

Remuneration-related discussion and decision making at Tietoevry involves the following parties:

- Annual General Meeting of Shareholders,
- Shareholders' Nomination Board,
- Board of Directors, and
- Remuneration Committee of the Board of Directors.

The Board of Directors upon the recommendation of the Remuneration Committee, prepares and submits the Remuneration Policy and Remuneration Report to the AGM, and approves annually the compensation of the President and CEO within the confines of this Remuneration Policy.

To avoid any conflict of interest, the Remuneration Committee shall consist of non-executive Board members only. The Committee has also the power in its sole discretion to retain external advisors to assist the Committee in evaluating executive compensation.

The Chairperson of the Board of Directors, who acts as a member of the Shareholders' Nomination Board, does not take part in the preparation or decision making or otherwise participate in the handling of such matters in the Shareholders' Nomination Board that relate to remuneration to be paid to the Board of Directors.

Remuneration of Board of Directors

Under the regulations applicable to Tietoevry, the AGM resolves annually on Board remuneration based on the proposal made by the Shareholders' Nomination Board. Prior to making its proposal, the Shareholders' Nomination Board annually reviews the remuneration of the Chairperson and members of the Board against companies of similar size and complexity to Tietoevry to ensure that Tietoevry can attract and retain Board members with necessary skills, industry expertise and international experience to oversee the company's strategic direction. In addition, the Shareholders' Nomination Board annually reviews the remuneration of the employee elected Board members.

Board members may receive fixed remuneration only which can be paid in cash or shares, or a combination of cash and shares. The Board remuneration may also include meeting fees and reimbursement of other incurred expenses. Given the nature of the Board duties and responsibilities, the Board members do not belong to or are not compensated with other share-based arrangements, nor do the members have any pension plans at Tietoevry except for employee-elected Board members, who may be eligible to participate in Tietoevry's incentive and pension plans as employees of Tietoevry.

Details of the Board's actual annual remuneration, as resolved by the AGM or EGM, are reported each year in the Remuneration Report.

Remuneration of the President and the CEO

The remuneration of the President and CEO may consist of fixed salary (base salary and fringe benefits in Finland), of variable elements such as short-term incentives (STI) and long-term incentives (LTI), pension and of other benefits and programs.

Actual pay mix based on the actual STI and LTI pay-outs as a percentage of fixed salary are reported each year in the Remuneration Report.

Clawback and malus provision	To protect company interests in case of misconduct, restatement or misstatement of results, and miscalculation.	All incentive awards are subject to malus (adjustment before pay-out) and clawback (reclaimed after pay-out) provisions, which can be applied in case of material misstatement of financial results and misconduct.
Shareholding recommendation	To ensure alignment between the interests of shareholders and the President and CEO.	The President and CEO is recommended to accumulate and maintain a minimum shareholding which is equivalent to one-time annual gross fixed salary.

Managing director service contract and severance pay

The terms of managing director service agreement of the President and CEO shall be specified in writing and approved by the Board of Directors. The terms specify the remuneration elements as well as the payments upon termination of employment.

The managing director contract of the President and CEO is typically in force for indefinite period, but it may be in force for a certain fixed period as well. The notice period in the managing director's contract is set to align with the prevailing market practices at the time the contract is initiated. Severance pay is set to align with the prevailing market practices at the time the managing director's contract is initiated. The treatment of

incentive awards will depend on the circumstances of departure. For resignation and involuntary termination, unvested award will be forfeited. For other reasons, awards typically will continue to vest on their normal vesting date, subject to the achievement of performance measures. These awards will be pro-rated based on the length of service time from the beginning of performance period to the cessation date.

Deviations

No material changes can be made to this Remuneration Policy without presenting the changed Policy to the Annual General Meeting. However, technical, terminology or legislative changes shall typically not be considered as material.

The Board of Directors upon recommendation of the Remuneration Committee may temporarily deviate from any sections of this Policy based on its full discretion in the circumstances described below:

- Upon change of the President and CEO and the Deputy CEO,
- Upon appointment of interim CEO,
- Upon material changes in the Company's strategy, structure, organization, operating model ownership and business (for example merger, takeover, demerger, acquisition, etc.),
- Upon change of the relevant regulation including changes in taxation, legislation or equivalent,
- In any other circumstance where the deviation may be required necessary to serve the long-term interests of the Company and its shareholders.

Tietoevry's recruitment strategy aims to provide a compensation package that is sufficient to attract, retain and motivate the individual with the right skills for the required role. When determining remuneration for a new President and CEO, the Board of Directors, based on the Remuneration Committee's recommendation, will consider the requirements of the role, the needs of the business, the individual's relevant skills and experience, as well as the external talent market.

Where an individual is recruited externally for the President and CEO, Tietoevry will consider the remuneration package of that individual in their prior role. Generally, the Board of Directors will seek to align the new President and CEO's remuneration package to Tietoevry's Remuneration Policy. On occasion, Tietoevry may offer upon hire one-time supplementary rewards payable in cash or shares in comparable value to the arrangements forfeited by the candidate by joining Tietoevry. The rationale and detail of any such award will be disclosed in the Remuneration Report.

Where an individual is appointed to the President and CEO as a result of internal promotion or following a corporate transaction (e.g. following an acquisition), the Board of Directors retains the ability to honour any legally binding legacy arrangements agreed prior to the individual's appointment.

In addition, where necessary, supplementary benefits may be offered in alignment with local market practice, applicable legislation, and current company policies.
