16 Authorizing the Board of Directors to decide on the repurchase of the company's own shares

The Board of Directors proposes to the Annual General Meeting that the Board of Directors be authorized to decide on the repurchase of the company's own shares as follows:

The amount of own shares to be repurchased shall not exceed 7 400 000 shares, which currently corresponds to approximately 10 % of all the shares in the company. Only the unrestricted equity of the company can be used to repurchase own shares.

Own shares can be repurchased at a price formed in public trading on the date of the repurchase or at a price otherwise formed on the market.

The Board of Directors decides how the share repurchase will be carried out. Own shares can be repurchased inter alia by using derivatives. The company's own shares can be repurchased otherwise than in proportion to the shareholdings of the shareholders (directed repurchase).

The authorization cancels previous unused authorizations to decide on the repurchase of the company's own shares. The authorization is effective until the next Annual General Meeting, however, no longer than until 30 April 2018.

17 Authorizing the Board of Directors to decide on the issuance of shares as well as options and other special rights entitling to shares

The Board of Directors proposes to the Annual General Meeting that the Board of Directors be authorized to decide on the issuance of shares as well as on the issuance of option rights and other special rights entitling to shares

The amount of shares to be issued based on the authorization (including shares to be issued based on the special rights) shall not exceed 7 400 000 shares, which currently corresponds to approximately 10 % of all the shares in the company. However, out of the above maximum amount of shares to be issued no more than 700 000 shares, currently corresponding to less than 1 % of all of the shares in the company, may be issued as part of the company's share-based incentive programs.

The Board of Directors decides on the terms and conditions of the issuance of shares as well as of option rights and other special rights entitling to shares. The authorization concerns both the issuance of new shares as well as the transfer of treasury shares. The issuance of shares as well as of option rights and other special rights entitling to shares may be carried out in deviation from the shareholders' pre-emptive right (directed issue).

The authorization cancels previous unused authorizations to decide on the issuance of shares as well as on the issuance of option rights and other special rights entitling to shares. The authorization is effective until the next Annual General Meeting, however, no longer than until 30 April 2018.
